***Resurrection: The Story Of Christ After The Passion*** Jun 21 2020 Set in historically depicted first century Israel, this biblically-based debut novel by screenplay writer turned author, Gene Morrison, is bursting with a colorful cast of characters surrounding the death and resurrection of Jesus. The Passion of Christ comes alive through the author's vivid descriptions and well-researched, yet fictionalized dialogue. Inside the pages of this novel, you'll meet a dramatic and vibrant cast of characters, including Abenadar, the Roman centurion in charge of the crucifixion detail; Dismas, the good thief on the cross who defended Jesus; Joseph of Arimathea, a wealthy merchant and aged member of the Sanhedrin; Nicodemus, a member of the Sanhedrin, and Pontius Pilate, Procurator of the Roman government who ordered the crucifixion of Jesus. Encounter Martha, Mary Magdalene, James, John, and all the disciples as never before as you live their experiences brought to life in the pages of this impactful novel. The author's portrayal of events leading up to and after Christ's death and resurrection will make you feel as if you were a live witness, walking the old city streets of

Jerusalem, witnessing the crucifixion at Golgotha, and discovering the empty tomb on Easter morning.

*A Resurrection to Immortality* Oct 26 2020 Life is the most important possession we have. Without it, there is nothing. Only by the resurrection at the second coming of Christ will anyone have life after death. After the resurrection, the fate of those who are in Christ: [1] Eternal life [Romans 6:23] [2] "Shall inherit eternal life" [Matthew 19:29] [3] After the judgment they "shall go away into eternal life" [Matthew 25:46] [4] Will "have eternal life" [John 3:5] [5] Christ will raise them up on the last day [John 6:40] [6] Will be immortal after the resurrection [1 Corinthians 15:51-56] [7] Will have incorruption [1 Corinthians 15:42] [8] Will have glory [1 Corinthians 15:43] [9] Will be like Christ "We shall be like him; for we shall see him even as he is" [1 John 3:2] [10] Are "heirs according to the hope of eternal life" [Titus 3:7] [11] Will have a spiritual body [1 Corinthians 15:44] [12] "And as we have borne the image of the earthly (The earthly flesh and blood body of Adam was made to live on this earth but it "cannot inherit the kingdom of God" 1 Corinthians 15:50), we shall also bear the image of the heavenly" (Shall

be like the spiritual body of Christ for life in Heaven) [1 Corinthians 15:47-56] [13] "Will never perish" [John 10:28] [14] Forever with the Lord [1 Thessalonians 4:17] [15] Many mansions in my father's house: "In my Father's house (Who is in Heaven, Matthew 5:16; 5:45; 5:48; 6:1; 6:9; 7:21; 10:32-33) are many mansions...I go to prepare a place for you."

Saint Augustine on the Resurrection of Christ  
Jan 09 2022 Despite an enormous amount of literature on St Augustine of Hippo, this work provides the first examination of what he taught about the resurrection of Jesus Christ. Augustine expounded Christ's resurrection in his sermons, letters, Answer to Faustus the Manichean, the City of God, Expositions of the Psalms, and the Trinity. Saint Augustine on the Resurrection of Christ: Teaching, Rhetoric, and Reception explores what Augustine held about the centrality of Christ's resurrection from the dead, the agency of Christ's resurrection, and the nature of his risen existence. Leading scholar, Gerald O'Collins, investigates the impact of his resurrection on others and his mediatory role as the risen High Priest. O'Collins then unpicks Augustine's rhetorical justification for the resurrection of Christ: evidence from creation, human history, and the desires of all human beings. This groundbreaking study illustrates the enduring significance of Augustine's teaching on and apologetic for the resurrection, and updates, augments, and corrects what Augustine held.

The Place of the Resurrection Appearances of Jesus (Classic Reprint) Dec 28 2020 Excerpt from The Place of the Resurrection Appearances of Jesus Christ, for the whole argument of St. Paul is based on the fact that there was a general consent on that subject. It has sometimes been thought that this implies that the Corinthians had no hope of any future life beyond death. But this view is an unjustified conclusion from 1 Cor. XV. 17-19. St. Paul is here arguing that there must be a resurrection, because a future life is impossible without one, and that the hope of the Christian to share in the life of Christ necessitates that he should rise from the dead just as Christ did. Moreover, the idea that there was no future life is as wholly foreign to the point of view of the Mystery Religions of the Corinthian world, as it was to that of Jewish theology. The question was not whether there would be a future life, but whether a future life must be attained by means of a resurrection, and St. Paul's argument is that in the first place the past resurrection of Christ is positive evidence for the future resurrection of Christians, and in the second place that the conception of a resurrection is central and essential in Christianity, which offers no hope of a future life for the dead apart from a resurrection. Cf. Also Lake's estimate of the significance to be attached to the elements of Christian faith held in common by Paul and his readers and therefore presupposed in his

Did the Resurrection Happen? Apr 12 2022 This book presents the full content of the third and final debate between philosopher Antony Flew--who was, until 2004, one of the world's most prominent atheists--and Christian philosopher Gary Habermas. Included as well are transcripts of the Q A session with the audience afterward, a 2004 conversation between Habermas and Flew shortly after Flew's much-publicized change of

position to theism, as well as editor David Baggett's assessment and analysis of the full history of Habermas and Flew's interactions.

The Cross Is Not Enough Mar 11 2022 If Christ had not risen from the dead, if God's plan for redemption had ended at the cross, what would our faith look like? Have we become so fixated on the cross that we have lost an understanding of the centrality of the resurrection? And if we ignore the resurrection, what effect does that have on our worldview, our evangelism, and our Christian practice? In The Cross Is Not Enough, Ross Clifford and Philip Johnson explore how the resurrection of Christ has been understood in times past and restore this linchpin doctrine to its rightful place as the basis of our hope, our worldview, and the way we live our lives. They compare Christianity's unique understanding of resurrection to other world religions and explore why the resurrection connects so readily with the human psyche. Pastors, teachers, students, and anyone involved in ministry will benefit from this insightful and engaging treatment of Christianity's most important doctrine.

*Theology of the Prophetic Books* Dec 16 2019 Donald Gowan offers a unified reading of the prophetic books, showing that each has a distinctive contribution to make to a central theme. These books--Isaiah through Malachi--respond to three key moments in Israel's history: the end of the Northern Kingdom in 722 BCE, the end of the Southern Kingdom in 587 BCE, and the beginning of the restoration from the Babylonian exile in 538 BCE. Gowan traces the theme of death and resurrection throughout these accounts, finding a symbolic message of particular significance to Christian interpreters of the Bible.

Alive Oct 14 2019 "In our secular age, there is perhaps no claim more stupendous than that Jesus

Christ rose from the grave, for this claim introduces an unacceptable supernaturalism into the culture's materialist worldview. Yet, the resurrection of Jesus Christ is at the center of the Christian religion. From the earliest days of the faith, Christians proclaimed that Christ was risen, and not only that, but His resurrection means something. In *Alive: How the Resurrection of Christ Changes Everything*, Dr. Gabriel N.E. Fluhrer demonstrates that there is good reason to believe in the resurrection of Jesus Christ. He explores the evidence for the resurrection, rebuts popular arguments against it, and provides application for Christians in a hostile culture. Dr. Fluhrer begins by surveying the current landscape of ideas when it comes to the resurrection, focusing especially on the arguments of Bart Ehrman of the University of North Carolina-Chapel Hill. He goes to sketch out some plausibility structures for the historical reality of Christ's resurrection, including the marked change seen in the Apostles. Next, he provides an overview of the Bible's testimony concerning the resurrection, beginning in the Old Testament and continuing with an examination of the Gospels, Acts, and the rest of the New Testament. Finally, Dr. Fluhrer concludes with some applications regarding how understanding the reality of the resurrection bears on the Christian life"--

The Resurrection of Jesus May 01 2021 The earliest traditions around the narrative of

Jesus' resurrection are considered in this landmark work by Dale C. Allison, Jr, drawing together the fruits of his decades of research into this issue at the very core of Christian identity. Allison returns to the ancient sources and earliest traditions, charting them alongside the development of faith in the resurrection in the early church and throughout Christian history. Beginning with historical-critical methodology that examines the empty tomb narratives and early confessions, Allison moves on to consider the resurrection in parallel with other traditions and stories, including Tibetan accounts of saintly figures being assumed into the light, in the chapter "Rainbow Body". Finally, Allison considers what might be said by way of results or conclusions on the topic of resurrection, offering perspectives from both apologetic and sceptical viewpoints. In his final section of "modest results" he considers scholarly approaches to the resurrection in light of human experience, adding fresh nuance to a debate that has often been characterised in overly simplistic terms of "it happened" or "it didn't".

*The Resurrection of the Dead* Nov 19 2022 The following pages contain the substance of a discourse on the resurrection of the body, preached in Erie, PA, late in the fall of 1845. The occasion of the sermon was the introduction of numerous copies of a book written by George Bush, Professor of Hebrew in the New York

University. The avowed object of the book is to overthrow the commonly received opinion of the resurrection of the body. These books were extensively circulated and read. Some embraced the new theory, others found their faith weakened by the bewildering speculations of the learned author. Under these circumstances, believing the error inculcated in the book to be fundamental; that it aimed a fatal blow at the very vitals of Christianity; that it led directly, in all its tendencies, to infidelity; a refutation was undertaken, and the following discourse, in three parts, delivered during three successive sabbaths. - Advertisement.

Evidence for the Resurrection Jul 15 2022 When Jesus died on the cross, it seemed that all had been lost. Death had won. But after three days in a rich man's tomb, Jesus appeared...alive! The news was so shocking that his followers refused to believe it until they saw him with their own eyes and touched his wounds with their own hands. Then Jesus made an amazing claim: In the future, they too would have resurrected bodies like his, bodies that would never deteriorate, age, or perish. They would have new life without death or pain in the presence of a loving God forever. But can we really believe His promise? For that matter, can we really believe that the promise was made by a man who rose from the dead? In this fascinating look at the claims of the Gospel writers and 2,000 years of believing Christians, bestselling author Josh McDowell and his son Sean

examine the compelling evidence and conclude that Jesus Christ conquered death and the grave. In clear, concise, and accessible chapters, Josh and Sean present the facts about the resurrection and what it means for readers today.

*Believing in the Resurrection* Sep 05 2021 Gerald O'Collins, SJ, is professor emeritus of the Gregorian University (Rome) and now adjunct professor at Australian Catholic University. An international authority in the area of resurrection studies, he has published seven books and dozens of articles on the resurrection of Jesus.

*The Resurrection in Karl Barth* Apr 19 2020 Karl Barth repeatedly spoke of the centrality and unparalleled significance of the resurrection of Jesus Christ for his theological understanding, yet a clear grasp of its nature and scope in Barth continues to find little expression in scholarly literature. This book seeks to draw out the theological substance and systematic implications of Barth's thinking on this theme. Barth's mature understanding of the resurrection concentrates upon the transition from the objective achievement of reconciliation culminating in the crucifixion and death of Jesus Christ to its subjective appropriation in the life of the believer, all within a thoroughly christological context. The resurrection may be described as the way of the crucified Lord to others, and is, for Barth, the essential and efficient link between christology proper and the

extension of Christ's saving work to others.

*The Last Things* Aug 16 2022 In *The Last Things* Donald G. Bloesch takes up difficult and sometimes controversial themes such as the coming of the kingdom of God, the return of Jesus Christ, the life hereafter, the millennial hope, the final judgment, hell, heaven, purgatory and paradise. Wrestling with biblical texts that often take metaphorical form, Bloesch avoids rationalistic reductionism as well as timid agnosticism. While he acknowledges mystery and even paradox, Bloesch finds biblical revelation much more than sufficient to illuminate the central truths of a Christian hope articulated throughout the history of the church. *The Last Things* is not just a review of past Christian eschatology but a fresh articulation of the grace and glory of God yet to be consummated. The triumph of the grace of Jesus Christ and the dawning of hope beckon us to reach out in the power of the Spirit to receive that blessed future and the promise to renew the life of the church universal today.

Between Cross and Resurrection Jun 02 2021 For much of Christian history the church has given no place to Holy Saturday in its liturgy or worship. Yet the space dividing Calvary and the Garden may be the best place from which to reflect on the meaning of Christ's death and resurrection. This superb work by the late Alan Lewis develops on a grand scale and in great detail a theology of Holy Saturday. The first comprehensive theology of

Holy Saturday ever written, *Between Cross and Resurrection* shows that at the center of the biblical story and the church's creed lies a three-day narrative. Lewis explores the meaning of Holy Saturday -- the restless day of burial and waiting -- from the perspectives of narrative (hearing the story), doctrine (thinking the story), and ethics (living the story). Along the way he visits as many spiritual themes as possible in order to demonstrate the range of topics that take on fresh meaning when viewed from the vantage point of Holy Saturday. *Between Cross and Resurrection* is not only incisive and elegantly written, but it is also a uniquely moving work deeply rooted in Christian experience. While writing this book Lewis experienced his own Holy Saturday in suffering from and finally succumbing to cancer. He considered *Between Cross and Resurrection* to be the culmination of his life's work.

Investigating the Resurrection of Jesus Christ  
Jul 23 2020 This book provides an original and comprehensive assessment of the hypotheses concerning the origin of resurrection Christology. It fills a gap in the literature by addressing these issues using a transdisciplinary approach involving historical-critical study of the New Testament, theology, analytic philosophy, psychology and comparative religion. Using a novel analytic framework, this book demonstrates that a logically exhaustive list of hypotheses concerning the claims of Jesus' post-mortem appearances and the outcome of Jesus' body can be formulated. It addresses these hypotheses in detail, including sophisticated combinations of hallucination hypothesis with cognitive dissonance; memory distortion; and confirmation bias. Addressing writings from both within and outside of Christianity, it also demonstrates how a comparative religion approach might further illuminate the origins of Christianity. This is a thorough study of arguably the key event in the formation of the Christian faith. As such, it will be of keen interest to theologians, New Testament scholars, philosophers, and scholars of religious studies.

Resurrection Feb 22 2023 A fresh look at the concept of resurrection in Hebrew Bible, New Testament, and non-canonical texts. >

Jesus' Resurrection: Fact Or Figment? Nov 14 2019 Edited by Paul Copan and Ronald Tacelli, this is a lively and provocative debate between Christian philosopher William Lane Craig and New Testament scholar and atheist Gerd Lüdemann on the historical truth of the resurrection.

On the Resurrection of the Dead Sep 17 2022 Christian tradition has largely held three theological affirmations on the resurrection of the physical body. Firstly, that bodily resurrection is not a superfluous hope of afterlife. Secondly, there is immediate post-mortem existence in Paradise. Finally, there is numerical identity between pre-mortem and post-resurrection human beings. The same tradition also largely adheres to a robust doctrine of The Intermediate State, a paradisiacal disembodied state of existence following the biological death of a human being. This book argues that these positions are in fact internally inconsistent, and so a new theological model for life after death is required. The opening arguments of the book aim to show that The Intermediate State actually undermines the necessity of bodily resurrection. Additionally, substance dualism, a principle The Intermediate State requires, is shown to be equally untenable in this context. In response to this, the metaphysics of the afterlife in Christian theology is re-evaluated,

and after investigating physicalist and constitutionist replacements for substance dualist metaphysics, a new theory called "Eschatological Presentism" is put forward. This model combines a broadly Thomistic hylemorphic metaphysics with a novel theory of Time. This is an innovative examination of the doctrine of life after death. It will, therefore, be of great interest to scholars of analytic theology and philosophy of religion.

Raised with Christ Aug 04 2021 Jesus truly is alive today. But compared to his atoning death, Jesus' resurrection sparks relatively little discussion in the church. Inadvertently, we can become so focused on the good news that Christ died for our sins, that we almost forget he was "raised for our justification" (Romans 4:25). In Raised with Christ, author Adrian Warnock exhorts Christians not to neglect the resurrection in their teaching and experience. Warnock takes his cue from Acts, where every recorded sermon focuses on Jesus' resurrection. He stresses that Christians who faithfully proclaim both the death and the bodily resurrection of Jesus, and live out the implications of that message in vibrant, grace-filled churches, will be enabled to reach a world that lives in death's dark shadow. The power of the risen Christ is active in every true Christian, transforming our lives. Raised with Christ will help you discover afresh the massive implications of the empty tomb. Jesus' resurrection really has changed everything.

**The Resurrection of God Incarnate Mar 19 2020**

Whether or not Jesus rose bodily from the dead remains perhaps the most critical and contentious issue in Christianity. Until now, argument has centred upon the veracity of explicit New Testament accounts of the events following Jesus's crucifixion, often ending in deadlock. In Richard Swinburne's new approach, though, ascertaining the probable truth of the Resurrection requires a much broader approach to the nature of God and to the life and teaching of Jesus. The Resurrection can only have occurred if God intervened in history to raise to life a man dead for thirty six hours. It is therefore crucial not only to weigh the evidence of natural theology for the existence of a God who has some reason so to intervene, but also to discover whether the life and teaching of Jesus show him to be uniquely the kind of person whom God would have raised. Swinburne argues that God has reason to interfere in history by becoming incarnate, and that it is highly improbable that we would find the evidence we do for the life and teaching of Jesus, as well as the evidence from witnesses to his empty tomb and later appearances, if Jesus was not God incarnate and did not rise from the dead. The Resurrection of God Incarnate offers a clear and penetrating new perspective on Christianity's central mystery. It will be of great interest to philosophers, theologians, and all those trying to discover the truth about the Christian religion.

*A Resurrection of a Kind* May 13 2022

Consolation for Mourners; from the doctrine of a Resurrection, and the future happiness of believers. A discourse [on Thess. iv. 13-18], occasioned by the death of Mrs. Mary Lathrop, who departed this life 24th September, 1778, etc Jul 03 2021

The Resurrection of Jesus Christ Dec 20 2022 The resurrection of Jesus Christ is one of the best-attested facts of history. But believing in the resurrection is one thing. Knowing what it means is another. Although much has been written about the apologetics of the resurrection, little has been written about its theological meaning. This book reveals the hidden depths of the theological significance and ongoing relevance of the resurrection of Jesus Christ for our being, our salvation, Christian life, ethics, and our future hope.

The Resurrection of the Son of God Jan 21 2023 N.T. Wright takes us on a fascinating journey through ancient beliefs about life after death, from the shadowy figures who inhabit Homer's Hades, through Plato's hope for a blessed immortality, to the first century, where the Greek and Roman world (apart from the Jews) consistently denied any possibility of resurrection. We then examine ancient Jewish beliefs on the same subject, from the Bible to the Dead Sea Scrolls and beyond. This sets the scene for a full-scale examination of early Christian beliefs about resurrection in general

and that of Jesus in particular, beginning with Paul and working through to the start of the third century. Wright looks at all the evidence, and asks: Why did the Christians agree with Jewish resurrection belief while introducing into it - across the board - significant modifications? To answer this question we come to the strange and evocative Easter stories in the gospels and asks whether they can have been late inventions. Wright seeks the best historical conclusions about the empty tomb and the belief that Jesus really did rise bodily from the dead, recognizing that it was this belief that caused early Christians to call Jesus 'Son of God'. In doing so, they posed a political challenge as well as a theological one. These challenges retain their power in the twenty-first century.

What Does the Bible Really Teach?. Feb 10 2022  
Biblical theology and doctrines of Jehovah's Witnesses.

The Hope of Israel Feb 16 2020 This volume highlights the sustained focus in Acts on the resurrection of Christ, bringing clarity to the theology of Acts and its purpose. Brandon Crowe explores the historical, theological, and canonical implications of Jesus's resurrection in early Christianity and helps readers more clearly understand the purpose of Acts in the context of the New Testament canon. He also shows how the resurrection is the fulfillment of the Old Testament Scriptures. This is the first major book-length study on the theological significance

of Jesus's resurrection in Acts.

**The Resurrection of Jesus Dec 08 2021** The question of the historicity of Jesus' resurrection has been repeatedly probed, investigated and debated. And the results have varied widely. Perhaps some now regard this issue as the burned-over district of New Testament scholarship. Could there be any new and promising approach to this problem? Yes, answers Michael Licona. And he convincingly points us to a significant deficiency in approaching this question: our historiographical orientation and practice. So he opens this study with an extensive consideration of historiography and the particular problem of investigating claims of miracles. This alone is a valuable contribution. But then Licona carefully applies his principles and methods to the question of Jesus' resurrection. In addition to determining and working from the most reliable sources and bedrock historical evidence, Licona critically weighs other prominent hypotheses. His own argument is a challenging and closely argued case for the historicity of the resurrection of Jesus, the Christ. Any future approaches to dealing with this 'prize puzzle' of New Testament study will need to be routed through **The Resurrection of Jesus**.

**Resurrection and Responsibility May 21 2020** This collection of studies by friends, colleagues, students, and associates of Thorwald Lorenzen centers on his pivotal research interests--the

theological and ethical implications of a relational understanding of the resurrection of Jesus Christ. In two major works on the resurrection, Lorenzen demonstrated the radical ramifications for Christian discipleship of affirming a relational perspective on the resurrection, especially with regard to social justice, human rights, ecumenical dialogue, and holistic spirituality. The purpose of this book is to honor the theological work of Thorwald Lorenzen by examining anew and pressing ahead with certain aspects of his own research interests, whether in historical and systematic theology, biblical exegesis and hermeneutics, or social ethics and spirituality.

Hope in Times of Fear Mar 31 2021 The resurrection of Jesus is at the heart of the Christian faith, bringing God's power - which will some day heal and renew the world - into our lives now. That power is here only partially, but substantially; and this gives Christians a realistic, but irrepressible, hope. It is a hope for change in our lives and in our society; a hope that changes Christians in every way, shaping every aspect of our lives. But it is only together with the cross that we see the particular way resurrection hope shapes us. We are delivered by a Saviour who triumphed through weakness and loss; who came to riches through becoming poor; and to exalted life through the experience of death. And having coming to new life by admitting our own weakness and inability

to save ourselves, we live the rest of our lives according to this pattern: the way up is to go down; the way to true power and influence is to serve; the way to be truly rich is to give all we have; the way to real happiness is to work for the happiness of others. *Hope in Times of Fear* unlocks the meaning of both the cross and Jesus' resurrection. Here the central message of the Christian faith is revealed - with unshakable belief, piercing insight and a profound message of hope for the world.

*Living the Resurrection* Jun 14 2022 This classic resource from Eugene H. Peterson offers an indepth survey of the resurrection texts of the Gospels, helping churches to move from Easter into a transformative life as individuals and as a community.
