Memoirs of Henry Hunt, Esq - Jul 14 2022 Henry 'Orator' Hunt (1773-1835) was a British radical speaker and agitator remembered as a pioneer of working-class radicalism and an important influence on the later Chartist movement. He advocated parliamentary reform and the repeal of the Corn Laws. Hunt was first drawn into radical politics during the Napoleonic Wars, becoming a supporter of Francis Burdett. His talent for public speaking became noted in the electoral politics of Bristol, where he denounced the complacency of both the Whigs and the Tories, and proclaimed himself a supporter of democratic radicalism. It was thanks to his particular talents that a new programme beyond the narrow politics of the day made steady progress in the difficult years that followed the conclusion of the war with France. Because of his rousing speeches at mass meetings held in Spa Fields in London in 1817-18 he became known as the 'Orator', a term of disparagement accorded by his enemies. He embraced a programme that included annual parliaments and universal suffrage, promoted openly and with none of the conspiratorial element of the old Jacobin clubs.

Patrick Henry, the Orator Feb 21 2023 Best known for his Liberty or Death address, the oratorical essence of the American Revolution, Patrick Henry, Virginia patriot, statesman, and foremost orator of the Revolutionary period, is scrutinized in this eighth volume in the Greenwood Press Great American Orators series. Taken as a whole the volumes chronicle the role of public discourse in the United States and fill the void that has existed in American public address. In *Patrick Henry, The Orator*, David A. McCants develops fresh perspectives on an illustrious orator who excelled in two of the classical genres of rhetoric--the forensic and the deliberative. McCants gives a creative and compelling interpretation of the rhetorical efficacy of Henry's Liberty or Death speech, making a strong prima facie case for his evangelical explication. Rhetorical topics such as delivery, modes of proof, style, organization, effect, and more are examined within the context of the historical exigencies that motivated Henry and shaped his responses. The culture and politics of eighteenth-century Virginia as well as biographical factors that shaped Henry's development are explored in depth. Also included are six important speech texts with critical materials that provide students and scholars of the history and criticism of American public address a more comprehensive basis for understanding Henry's rhetorical reputation. Patrick Henry's development as a popular orator is traced in Part I, which presents critical analyses of the orator and his speeches during his Protest and National periods and in legal venues. In these chapters McCants focuses on the rhetorical considerations of speaker and speech, purpose and effect. Part II contains texts of the important addresses discussed in the preceding critical analyses. These collected speeches and speech reports include The Parsons' Cause Case, the conclusion of the Caesar-Brutus speech in the Stamp Act Debate of May 1765, the Liberty or Death speech, two speeches from the Ratifying Convention Debate, and Patrick Henry's defense in the British Debts Case. A chronology of major speeches lists all of Henry's known addresses as well as the places and dates of the speeches and attests to the scope of rhetoric in the United States. The bibliography contains carefully described historical collections and gathers together primary and secondary sources that bear on the speaker and the oratory. An index closes the volume. Students and scholars of rhetoric, public oratory, and American history will find this notable study an invaluable research tool.

Henry Ward Beecher Mar 18 2020 "In the present sketch of Henry Ward Beecher, the author presents analyses of Beecher's power as a preacher, lecturer, orator and journalist, and incidents and reminiscences of his life. The characterizations and personal

reminiscences are contributed by thirty-nine eminent writers, also Mr. Beecher's life as sketched by himself shortly before his death." -- goodreads.com

Students and adults alike will discover history by looking at artifacts constructed by the people who shaped the United States of America. Perfect for any classroom, from Fifth Grade to college, this series engages students and prompts them to think for themselves, question, reflect and gain a deeper understanding of history. In this edition, students discover the prolific Patrick Henry -- who some historians credit as firing the first figurative shot of the Revolution in his fiery "Give Me Liberty or Give Me Death" speech. Read select letters written by Henry, engage in his oratory, learn about his life and decide for yourself the impetus behind a man called one of the greatest Patriots in the history of America.

"Orator" Hunt Jan 20 2023 This first full-scale biography finally brings to light Hunt's vital role in molding the English working-class into an effective political force. Converted to the reform cause during the wars against Napoleonic France, Hunt gave popular radicalism a distinctly working-class perspective that countered the contemporary belief in a laissez-faire political economy. Hero of the unrepresented and repressed, scourge of the moderate reformers and gradualists, Hunt set the standard for the Chartist challenge. This work, based on a wide range of primary sources, reassessed Hunt's influential career and illuminates a formative period in the development of radical politics in England.

Lion of Liberty Apr 18 2020 In this action-packed history, award-winning author Harlow Giles Unger unfolds the epic story of Patrick Henry, who roused Americans to fight government tyranny—both British and American. Remembered largely for his cry for “liberty or death,” Henry was actually the first (and most colorful) of America's Founding Fathers—first to call Americans to arms against Britain, first to demand a bill of rights, and first to fight the growth of big government after the Revolution. As quick with a rifle as he was with his tongue, Henry was America's greatest orator and courtroom lawyer, who mixed histrionics and hilarity to provoke tears or laughter from judges and jurors alike. Henry's passion for liberty (as well as his very large family), suggested to many Americans

that he, not Washington, was the real father of his country. This biography is history at its best, telling a story both human and philosophical. As Unger points out, Henry's words continue to echo across America and inspire millions to fight government intrusion in their daily lives.
