In August 1981, the Professional Air Traffic Controllers Organization (PATCO) called an illegal strike. The new president, Ronald Reagan, fired the strikers, establishing a reputation for both decisiveness and hostility to organized labor. As Joseph A. McCartin writes, the strike was the culmination of two decades of escalating conflict between controllers and the government that stemmed from the pressure nature of the job and the controllers' inability to negotiate with their employer over vital issues. PATCO's strike not only ushered in a long period of labor decline; it also served as a harbinger of the campaign against public sector unions that now roils American politics. Now available in paperback, *Collision Course* sets the strike within a vivid panorama of the rise of the world's busiest air-traffic control system. It begins with an arresting account of the 1960 midair collision over New York that cost 134 lives and exposed the weaknesses of an overburdened system. Through the stories of controllers like Mike Rock and Jack Maher who were galvanized into action by that disaster and went on to found PATCO, it describes the efforts of those who s

to make the airways safer and fought to win a secure p
the American middle class. It climaxes with the story of
Reagan and the controllers, who surprisingly endorsed t
Republican on the promise that he would address their
grievances. That brief, fateful alliance triggered devastat
miscalculations that changed America, forging patterns
still govern the nation's labor politics. Written with an e
for detail and a grasp of the vast consequences of the
PATCO conflict for both air travel and America's working
class, *Collision Course* is a stunning achievement. A
disrobing acrobat, a female Hamlet, and a tuba-playing
labor activist--all these women come to life in *Rank Ladi*
In this comprehensive study of women in vaudeville, Alis
Kibler reveals how female performers, patrons, and work
shaped the rise and fall of the most popular live
entertainment at the turn of the century. Kibler focuses
the role of gender in struggles over whether high or low
culture would reign in vaudeville, examining women's
performances and careers in vaudeville, their status in t
expanding vaudeville audience, and their activity in the
vaudevillians' labor union. Respectable women were a ke
vaudeville's success, she says, as entrepreneurs drew w
into audiences that had previously been dominated by
working-class men and recruited female artists as
performers. But although theater managers publicly
celebrated the cultural uplift of vaudeville and its popula
among women, in reality their houses were often hostile

to female performers and to female patrons and home women who challenged conventional understandings of respectable behavior. Once a sign of vaudeville's refinement, Kibler says, women became associated with the decay of vaudeville and were implicated in broader attacks on mass culture as well. Marvel Comics has an established tradition of addressing relevant real-life issues facing the American public. With the publication of *Civil War* (2006–2007), a seven-issue crossover storyline spanning the Marvel universe, they focused on contemporary anxieties such as terrorism and threats to privacy and other civil liberties. This collection of new essays explores the *Civil War* series and many tie-in titles from the perspectives of history, political science, sociology, psychology, literary criticism, philosophy, law and education. The contributors provide a close reading of the series' main theme—the appropriate balance between freedom and security—and discuss how that balance affects citizenship, race, gender and identity construction in 21st-century America. The only major collection of illustrated Beatles lyrics in book form, this commemorative edition features autobiographical comments and quotes from the Fab Four, interpretation of the lyrics from 206 songs, large full-color illustrations, and specially commissioned photographs. Lauren Graham has graced countless television screens

her quick-witted characters and hilarious talk show appearances, earning a reputation as a pop culture icon who always has something to say. In her latest book, *Have I Told You This Already?*, Graham combines her signature sense of humor with down-to-earth storytelling. Barneys New York" Graham writes about an early job as a salesperson at the legendary department store (and the time she inadvertently shoplifted from it); in "Ryan Gosling Cannot Confirm," she attempts to navigate the unspoken rules of Hollywood hierarchies; in "Boobs of the '90s" she worries her bras haven't kept up with the times; and in "Actor-y Factory" she recounts what a day in the life of an actor looks like (unless you're Brad Pitt). Filled with surprising anecdotes, sage advice, and laugh-out-loud observations, these all-new, original essays showcase the winning charm and wry humor that have delighted Graham's millions of fans.

In November Project: The Book, Brogan Graham (a.k.a. BG) and Bojan Mandaric, in their own spicy, big-hearted words, chronicle, along with tribe member and writer Caleb Daniloff, their fitness movement's genesis, evolution, operations, membership, "secret sauce" and future—and along the way, show you how you can be more and societally engaged. Rebellion in the Mohawk Valley "... pre-Constantinian Christian intellect apparently found a richer thought environment in Africa than elsewhere. It discovered itself the intellectual centers of Africa before Europe had produced such centers. Eventually it offered its rich wisdom to the cultures of the northern side of the Mediterranean.

- Dr. Thomas C. Oden. This book surveys the rational, organized, thriving, Scripturally informed and Holy Spirit-inspired roots of indigenous Christianity in Africa from 300 A.D. through 537 A.D. The intent is to supplement existing Church history resources. A collection of stories, with simple sentences and easily recognizable words, designed for the beginning to read on their own. A classic story with a message about sharing, with soft illustrations and gentle, repetitive language. In simple text and illustrations, the author explains all the things that can happen in a minute--both good and bad. Are you afraid of things that go bump in the night? Don't look

now, but some of the most gruesome serial murders occurred in your neighborhood. Fourteen-year-old Jesse Pomeroy had a long history of terrorizing and brutalizing young boys around Boston, then his thoughts turned to murder. He became America's youngest serial killer. When asked why he did all he could say was: "I don't know. I had to." The Servant Girl Murders in Austin, Texas during 1885 puzzled investigators. Three black servant girls, and one of their boyfriends, were brutally beaten and raped in the dark of night. Texans didn't take it seriously until two white women lost their lives on Christmas Eve. The killer was never found but many speculate he went on to fame as Jack the Ripper, London's famed Whitechapel killer. Henry Bastian, a Milan, Illinois farmer devised a unique method of getting cheap labor. He paid his farmhands a few dollars up front and promised them big money at the end of a year's service. Instead, he killed them, instead of paying them. At least nine young men lost their lives to his scheme. Belle Gunness, the La Porte, Indiana serial killer, lured men to her murder farm advertising for a husband in Scandinavian Matrimonial Magazines. As many as forty-two men fell victim to her. The Sunday Night Murderer rode the rails in the Midwest spreading terror in his wake. Twenty-five men, women, and children fell victim to his ax between 1911 and 1912. He slipped into homes in the middle of the night, bashed his victim's heads to a pulp, and moved on without leaving a clue to his identity. The Dayton Strangler took six victims

between 1900 and 1909. He lured them away to a quiet place, choked them nearly to death, then assaulted them. When finished, the strangler dumped his victims in outhouse vaults. Henry Spencer, Chicago's "Tango Murderer," killed upwards of thirty men and women. "I became cold-blooded," he said. "For five cents, I would kill a man and drink his blood." After his capture, he revealed the police with stories about how he took his victims. Bertha Gifford was a typical grandma, except for her tendency for homicide. She poisoned at least nineteen people she was charged with nursing back to health. After her arrest, she told detectives, "Arsenic helped me. I thought it might help them, too. A young woman has agreed with her faithless husband: it's time for them to separate. For the moment it's a private matter, a secret between the two of them. As she begins her new life, alone, she gets word that her ex-husband has been missing in a remote region in the rugged southern Peloponnese. Reluctantly she agrees to go and search for him, still keeping their split to herself. In her heart, she's not even sure if she wants to find him. Adrift in the wild and barren landscape, she traces the failure of their relationship and finds that she understands less than she thought about the man she used to love. A story of intimacy, infidelity, and compassion, *A Separation* is about the gulf that divides us from the lives of others and the narratives we create to hide our true emotions. As the narrator reflects upon her love for a man who may never have been what he appeared,

Kitamura propels us into the experience of a woman on the brink of catastrophe. *A Separation* is a riveting masterpiece of absence and presence that will leave the reader astonished, and transfixed. While on a student cruise, our protagonists are shipwrecked by a godlike supernatural entity, and Shion is revealed to be a charmed one herself.

AN ESSENTIAL GUIDE TO THE DARK TOWER

SERIES—INCLUDING BOOK-BY-BOOK ANALYSIS AND INSIGHT INTO STEPHEN KING'S CREATIVE

PROCESS. In 1970, Stephen King embarked on what would become the crowning achievement in his literary career—*Dark Tower*. The seven-volume series, written and published over a period of 30 years, was inspired by Robert Browning's poem "Childe Roland to the Dark Tower Came," as well as J.R.R. With the full cooperation of Stephen King himself, *The Road to the Dark Tower* examines the epic journey of the author to complete a series that threatened to overwhelm him. In this indispensable companion, Bev Vincent presents a book-by-book analysis of each volume in the series, tracing the *Dark Tower*'s connections to King's other novels including *The Stand*, *Insomnia*, and *Hearts in Atlantis*, and offering insights from the author about the creative process involved in crafting this lifelong work—a work that has consumed not only Stephen King, but his legion of devoted readers. This is essential reading for any *Dark Tower*-or Stephen King-fan. This

In *Poisoned by Lies and Hypocrisy*, Watt explores the first two campaigns of the American Revolution through their impact on Canada and describes how a motley group of militia, American loyalists, and British regulars managed to defend Quebec and repel the invaders. *Rebellion in the Mohawk Valley* concerns the campaign that led to the destruction of British-held Fort Ticonderoga. *Fire and Desolation* details how misrule and fraying alliances led to a ferocious campaign in 1777 that changed the course of the American Revolution. These titles are essential reading for military history, early Canadian history, and War of Independence history buffs. Includes *The Burning of the Valleys*, *A Dirty, Trifling Piece of Business*, *I Am Heartily Ashamed*, *Poisoned by Lies and Hypocrisy*, *Rebellion in the Mohawk Valley*. New in 2017!

The 25th Annual Putnam County Spelling Bee, Urinetown and Xanadu. A deeply moving and brilliantly idiosyncratic visual book of days by the National Book Award-winning author of *Just Kids* and *M Train*, featuring more than 36 images and reflections that chart Smith's singular aesthetic—inspired by her wildly popular Instagram. In 2010, without any plan or agenda for what might happen next, Patti Smith posted her first Instagram photo: her hand with the simple message "Hello Everybody!" Known for shooting with her beloved Land Camera 250, Smith started posting images from her phone including portraits of her kids, her radiator, her boots, and her Abyssinian cat, Cairo. Followers felt an immediate affinity with these miniature windows into Smith's world, photographs of her daily coffee, the books she's reading, the graves of beloved heroes—William Blake, Dylan Thomas, Sylvia Plath, Simone Weil, Albert Camus. Over time, a coherent story of a life devoted to art took shape, and more than a million followers responded to Smith's unique aesthetic in images that chart her passions, devotions, obsessions, and whims. Original to this book are vintage photographs: anniversary pearls, a mother's keychain, and a husband's Mosrite guitar. Here, too, are photos from Smith's archives of life on and off the road: train stations, obscure cafés, a notebook always nearby. In wide-ranging yet intimate daily notations, Smith shares dispatches from her travels around the world. With over 360 photographs taking you through a single year, *A Book of Days*

Days is a new way to experience the expansive mind of visionary poet, writer, and performer. Hopeful, elegiac, playful—and complete with an introduction by Smith that explores her documentary process—A Book of Days is a timeless offering for deeply uncertain times, an inspirational map of an artist's life.
