Having written a couple of poems and now this book on his wife, Pratik is still not sure (the only thing where he continues to be confused) whether to be proud of his wife or stay irritated with her. *Jambo, Samji Kala! Oct 15 2022 Despite it being a foreign land filled with uncertainty, thousands of Indians migrated to East Africa in the late 1800s to early 1900s in order to find jobs or to trade. One such migrant was Mohanlal Kala Savani. Manu Savani, the youngest son of Mohanlal Kala Savani, shares the history of a hard-working and successful Indian migrant in East Africa through a series of vividly written vignettes, enhanced by a gallery of personal photographs. JAMBO, SAMJI KALA! offers readers a glimpse of the sociopolitical history of East Africa from 1918 onwards through the story of an ambitious man who landed at the port of Mombasa with a rudimentary elementary school education and empty pockets. Mohanlal Kala Savani was an aspiring young immigrant who worked with focus, resolve and a dauntless spirit to succeed in the world of business. The growth of the Indian film business in East Africa and overseas is an integral chapter in Mohanlal Kala's story. With struggle and determination, in 1922 he imported an Indian silent movie with a hand cranked projector. That was a building block to the distribution of Bollywood films internationally. This detailed biography shares the story of a visionary who turned obstacles into opportunities and became a movie mogul, textile and cotton mega trader, industrialist, real estate developer and philanthropist.*

*A Beginner's Guide to America Oct 03 2021 A stirring,*

witty, and poignant glimpse into the bewildering American immigrant experience from someone who has lived it. Hakakian's "love letter to the nation that took her in [is also] a timely reminder of what millions of human beings endure when they uproot their lives to become Americans by choice" (The Boston Globe). Into the maelstrom of unprecedented contemporary debates about immigrants in the United States, this perfectly timed book gives us a portrait of what the new immigrant experience in America is really like. Written as a "guide" for the newly arrived, and providing "practical information and advice," Roya Hakakian, an immigrant herself, reveals what those who settle here love about the country, what they miss about their homes, the cruelty of some Americans, and the unceasing generosity of others. She captures the texture of life in a new place in all its complexity, laying bare both its beauty and its darkness as she discusses race, sex, love, death, consumerism, and what it is like to be from a country that is in America's crosshairs. Her tenderly perceptive and surprisingly humorous account invites us to see ourselves as we appear to others, making it possible for us to rediscover our many American gifts through the perspective of the outsider. In shattering myths and embracing painful contradictions that are unique to this place, *A Beginner's Guide to America* is Hakakian's candid love letter to America.

*South Asian Filmscapes* Jun 18 2020 In South Asia massive anticolonial movements in the twentieth century created nation-states and reset national borders, forming the basis for emerging film cultures. Following the upheaval of the partition of India and Pakistan in 1947 and the Bangladesh Liberation War of 1971, new national

*cinemas promoted and reinforced prevailing hierarches of identity and belonging. At the same time, industrial and independent cinemas contributed to remarkably porous and hybrid film cultures, reflecting the intertwining of South Asian histories and their reciprocal cultural influences. This cross-fertilization within South Asian cultural production continues today. South Asian Filmscapes excavates these complex politics and poetics of bordered identity and crossings through selected histories of cinema in South Asia. Several essays reveal ways in which fixed notions of national identity have been destabilized by the cross-border mobility of filmed arts and practitioners, while others interrogate how filmic politics intersects with discourses of nationalism, sexuality and gender, religion, and language. Together, they offer a fluid approach to the multiple histories and encounters that conjure "South Asia" as a geographic and political entity in the region and globally through a cinematic imagination.*

*Spectacle and Diversity Jun 30 2021 This book shows how transnational media operate in the contemporary world and what their impact is on film, television, and the larger global culture. spectacle. From *Wolf Warriors and Sanju* to *Valerian: City of 1000 Planets* and *Pokémon*, new media combinations challenge old assumptions about cultural imperialism and reflect cross-boundary collaboration as well as boundary-breaking cultural interpretation. Intended for students of global studies and international communication at all levels, the book will appeal to a wide range of readers interested in the way transnational media work and how that shapes our culture.

*Prime Time Soap Operas on Indian Television Jan 18 2023*  
*This book examines the phenomenon of prime time soap operas on Indian television. An anthropological insight into social issues and practices of contemporary India through the television, this volume analyzes the production of soaps within India's cultural fabric. It deconstructs themes and issues surrounding the "everyday" and the "middle class" through the fiction of the "popular". In its second edition, this still remains the only book to examine prime time soap operas on Indian television. Without in any way changing the central arguments of the first edition, it adds an essential introductory chapter tracking the tectonic shifts in the Indian "mediascape" over the past decade - including how the explosion of regional language channels and an era of multiple screens have changed soap viewing forever. Meticulously researched and persuasively argued, the book traces how prime time soaps in India still*

*A Different Freedom Oct 11 2019 Kite flying is a sport native to South-East Asia and the Indian subcontinent. Symbolic of both freedom and control, the kite has been used as a metaphor in classical Indian literature, poetry, language and folklore. Uttarayan, a kite festival celebrated in the state of Gujarat, is not merely a religious observance, but also a time when young and old come together in celebration; a time when differences hold little meaning... The culture of flying and fighting kites, its history, politics, language, and the commerce that lies at the core of the Gujarati way of life provide an interesting backdrop to the celebration of Uttarayan. The buying of kites, preparations in the kitchen and the rooftop wars all form a part of this colourful festival. A Different Freedom explores the world of the kite, as it travels and changes through the centuries, to its current form and the festivities associated with it in modern day Gujarat.*

When Hungarian professor*

*Ernő Rubik invented the Rubik's Cube (or, rather, his Cube) in 1974 out of wooden blocks, rubber bands, and paper clips, he didn't even know if it could be solved, let alone that it would become the world's most popular puzzle. Since its creation, the Cube has become many things to many people: one of the bestselling children's toys of all time, a symbol of intellectual prowess, a frustrating puzzle with 43.2 quintillion possible permutations, and now a worldwide sporting phenomenon that is introducing the classic brainteaser to a new generation. In *Cracking the Cube*, Ian Scheffler reveals that cubing isn't just fun and games. Along with participating in speedcubing competitions—from the World Championship to local tournaments—and interviewing key figures from the Cube's history, he journeys to Budapest to seek a meeting with the legendary and notoriously reclusive Rubik, who is still tinkering away with puzzles in his seventies. Getting sucked into the competitive circuit himself, Scheffler becomes engrossed in solving Rubik's Cube in under twenty seconds, the quasi-mystical barrier known as "sub-20," which is to cubing what four minutes is to the mile: the difference between the best and everyone else. As Scheffler learns from the many gurus who cross his path, from pint-sized kids to engineering professors, it's not just about memorizing algorithms or even solving all six sides—it's about discovering how to solve yourself.*

*Once Upon A Prime Time Sep 14 2022 In Once Upon A Prime Time, Ananth Mahadevan pens the memoirs of his journey on Indian television. From first hand experiences with film makers who were the founding fathers of television serials, to today's consumerism driven shows, he has tasted them all. The book reads like an autobiography yet covers virtually every major player who was responsible for the nostalgia that Indian television now evokes. It incorporates exclusive moments with many celebrities and award winning directors. Join the actors on their sets as they perform for television and learn about the stories that made the shows come to life. Covering artistes and makers who impacted our world, such as Amitabh Bachchan, Hrishikesh Mukherjee, Sai Paranjpye, Basu Chatterjee, Kundan Shah, Ravi Chopra, Ramesh Sippy , Farooque Shaikh, Aziz Mirza, Gulzar and Govind Nihalani. The book is in all probability, the first ever story of Indian television. Besides taking one down memory lane, this could be a throwback for all those connected with the medium, past and present. It gives you a feeling of travelling through time and watching history being made - behind the scenes. "The book reads like an autobiography, but covers every major player who was responsible for the nostalgia that Indian television now evokes." - Hema Malini*
